P&P Guide VS. Other Requirements

- If a conflict exists between a policy described in the P&P Guide and a state regulation, administrative rule, or contract provision, then the provisions of the applicable state regulation, administrative rule, or contract provision prevail.

- CPRIT relies on the Uniform Grant Management Standards (UGMS) when none of the above-mentioned sources provide answers.

Administrative Rules

Rulemaking Process & Importance

➢ As a state agency, CPRIT must follow the specific requirements of the Administrative Procedure Act (Tex. Gov't Code Chapter 2001) when the agency proposes new rules or changes to existing rules.

➢ Many grantee requirements are found in CPRIT's administrative rules, which is why it's important for grantees to be familiar with the rulemaking process.

The proposed changes will be published in the January 4, 2019, edition of the *Texas Register*. Written comments may be submitted through February 4, 2019, to CPRIT's General Counsel, Kristen Doyle, by fax (512-475-2563); by email (kdoyle@cprit.texas.gov); or by mail to the Cancer Prevention and Research Institute of Texas, P.O. ➢ Generally, grant applicants and peer review members are prohibited from communicating with one another regarding the substance of a pending grant application from the time CPRIT begins accepting applications until the applicant receives final notification of an outcome.

• TAC § 702.19

3. CPRIT Acknowledgement

➤ Grantees are required to acknowledge CPRIT funding in any publication that that reports information developed with CPRIT grant funds.

➤ The amendment requires grantees to include the CPRIT grant ID number(s) when acknowledging CPRIT funding.

➤ Effective date: September 1, 2021

➤ TAC § 703.10

4. Minimum Level of Effort Requirements in RFA

Financial Status Reports (FSR)

FSRs – Findings & Errors

➢ No Justification for expenses paid in prior period that are included on current FSR

➢ Amounts on an invoice do not match the amount shown on the ledger

➢ Multiple items on the same invoice and only requesting part of the total invoice amount

FSRs – Findings & Errors

- ➤ Unreadable receipts

- ➤ Mis-categorization of expenses

- ➤ Unallowable expenses

FSRs – Findings & Errors

➤ Multiple invoices represented as lump sum on general ledger

➤ Foreign currency exchange rate sheets per the day of purchase (or inclusion of credit card statements showing rate of exchange)

➤ Documentation is not legible because of how it is scanned

FSRs - Allowable Costs

Costs should be:

✓ Reasonable - Section *9.4.1*

Allocable - Section *9.4.2*

Adequately documented - Section *9.4.6*

Note: CPRIT is responsible for making the final determination regarding whether an expense is an allowable expense

P&P Guide Reference:
9.4 Determining if a Cost is Allowable

FSRs - Unallowable Costs

Examples (not an exhaustive list)

➢ Individual Professional Membership fees

➢ Alcohol

➢ Tips & Gratuities

➢ Bad debt

➢ Lobbying costs

➢ Entertainment

➢ When in doubt, contact your CPRIT Grant Accountant for guidance

FSRs - Reporting

➢ No disbursement of grants funds will be made until all required financial and programmatic reports are **approved**

➢ If errors are made and adequate information is not provided, report will be disapproved and sent back for rework

➢ Allow enough time for ASO approval and submission **before** deadline

FSRs - Support Documentation

➢ Should be in same order as amounts listed on the expenditure report

➢ Should include payment dates for all transactions

➢ Should include the following:
   ➢ expense categories

No Cost Extensions (NCE)

CANCER PREVENTION & RESEARCH
INSTITUTE OF TEXAS

NCE

➢ No Cost Extensions- Decisions regarding NCE are based on several factors including the documentation of progress and documentation that the work proposed for the NCE is consistent with the initial award.

➢ CPRIT will not approve a NCE without a PI level of effort appropriate to scope of work being conducted

➢ If you receive a no-cost extension, you must complete a PLOE for the extension time period.

➢ For NCE's, the final report date changes but an additional annual report is required as well as quarterly reports until the end of the contract

NCE

➢ **No Cost Extensions**

- Include time, process and justification requirements

- PI needs to have measurable level of effort during an approved NCE

- In order to receive a no cost extension, a grantee must be in good fiscal and programmatic standing

- No automatic approval of a grantee's first no cost extension request

- Must be submitted at least **30 days prior** to contract termination but not more than 180 days prior

NCE

For No Cost Extensions (NCEs) the **PLOE comes in as a zero by default** – make sure PLOEs are current and accurate for NCEs

Advance Funds Disbursements

Advance Funds Disbursements

Consistent with CPRIT's administrative rule §703.23(a), which requires grantees to minimize the time between the transfer of advanced funds and payment by the grantee:

➢ CPRIT will advance up to 50% of the project year budget at one time.

➢ The grantee must be in good fiscal and programmatic standing and have **expended 90%** of the advanced funds before requesting the next advance.

➢ A grantee may request an advance greater than 50% of the project year budget, but the grantee must fully explain the exceptional circumstances justifying the request. It is in CPRIT's sole discretion to approve the request; in no event will CPRIT advance more than the amount budgeted for the project year.
